"Believe in yourself, keep learning, and success will follow."

Mathew S.
Quote from our teacher

Design Notes:

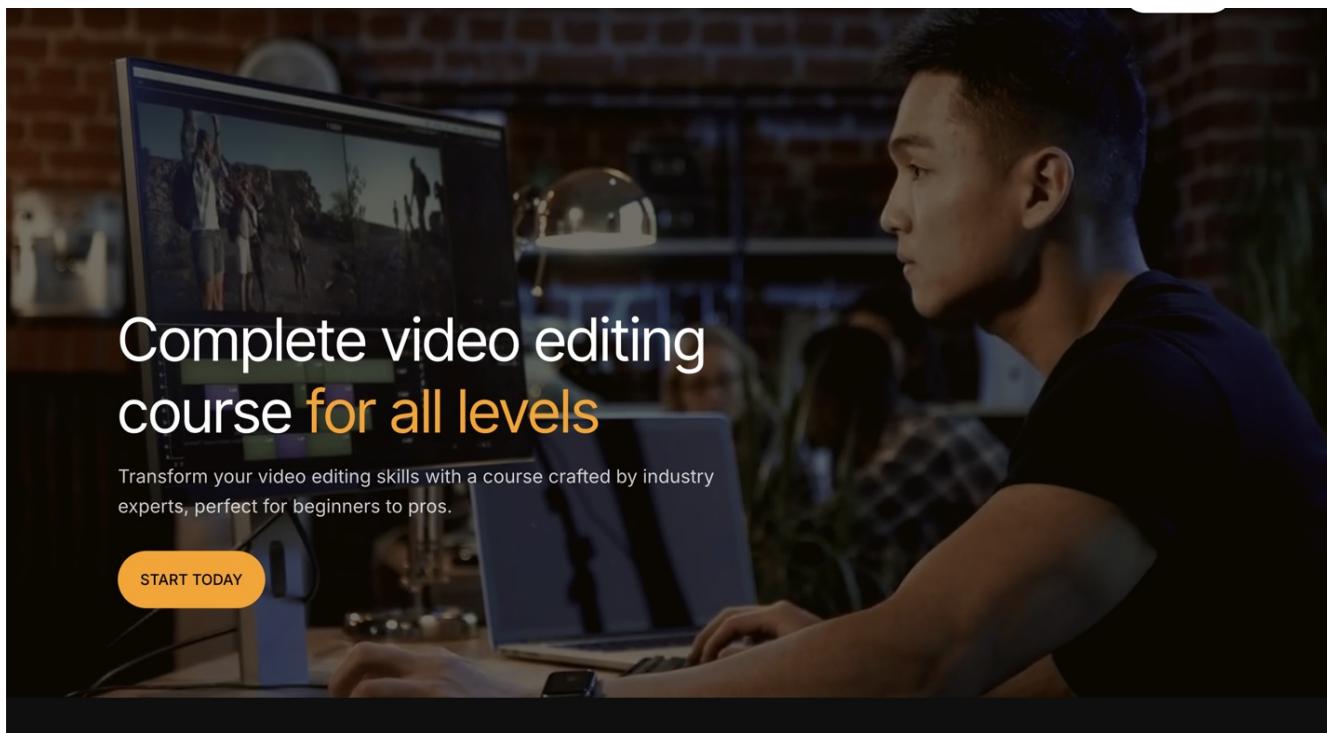

- * Two distinct sections.

First section

- * Large centered heading that has a different color for key words
- * 4 small images are placed in the background on the sides of the text

Second section

- * 3 columns of content that have a space between columns
- * First column contains an image that has rounded corners and is sized so that the height is the same height as the height of the content in the second column
- * Second column contains two rounded corner sections that contain some social proof. They both have a background color and rounded corners. There is a gap between the items. The first of the two items has overlapping avatar images. The second item contains a testimonial
- * The third column contains an image that has rounded corners and is sized so that the height is the same height as the height of content in the second column

Design notes:

- * This section contains a background CSS shape that is placed in the upper right corner behind the text.
- * A second CSS shape is also placed in the lower left corner using another color
- * This section is divided up into two sections.

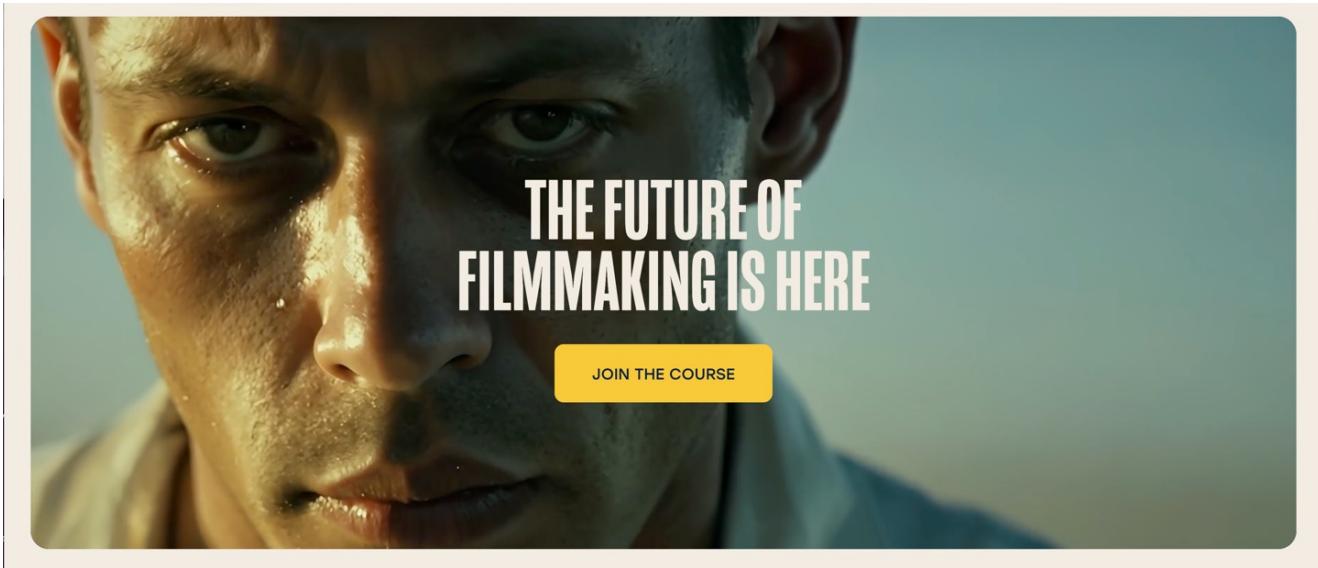

Section 1

- * A small pre-heading is placed over the main heading to indicate the type of section it is.
- * A heading takes up about 4/5 of the width
- * A paragraph

Section 2

- * The first column contains 3 items. Each item has a FontAwesome icon that is placed in a colored circle. The item has a heading and a short paragraph
- * The second column contains an image or a looping MP4. The media has rounded corners.

rgpt-1SXYkFb7

Design notes:

- * A container has rounded corners and does not fill the width of the browser
- * The background of the container contains a MP4 video that autoplays and is silent. The video has a semi-transparent overlay so that the text is more legible.
- * There is large heading text that is centered over a button that is also centered.

Design notes:

- * A section contains centered pre-heading, heading and subheading
- * Below the heading area is a carosel of testimonials. The slider will start in the center of the list so that there are testimonials on both sides. The slider should autoplay slowly, and pause on hover. The testimonial card that is centered will have full opacity. The others will be semi-faded so that the centered testimonial has more focus. The testimonial slider will also have arrows to advance the slider.
- * The section has a soft blurred CSS blob that has multiple colors. This adds some dimension to the section.

rgpt-2orGzWLI

Design notes:

- * A container has round corners and a colorful CSS gradient background.
- * Inside the container is a MP4 video. The bottom of the video player is placed at the bottom of the container.

The hero banner is a dark-themed section for a UI design course. At the top left, there's a small circular badge with the word "New" and a message "Registrations are now open!". Below this is a large, bold heading "Master UI Design From Scratch". Underneath the heading is a paragraph of text: "The only design course you need to be among top 1% designers The only design course you need to be among". Below the text are two call-to-action buttons: "Enroll Now" and "See Curriculum". To the right of the text are three cards, each featuring a portrait of an instructor and their name and title. The first card is for Jakob Geidt, a UI designer at Microsoft. The second card is for Aspen Geidt, a Visual Designer at Netflix. The third card is partially visible. Below the cards are three icons: a video camera for "ONLINE", a hand icon for "HANDS-ON", and a certificate icon for "CERTIFICATE". At the bottom of the banner, it says "FEATURED ON" followed by logos for Sitemark, Product., PinPoint, hues™, Rise™, and Sitemark again.

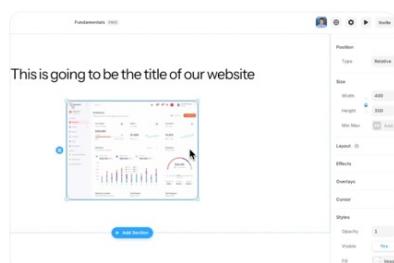

This hero banner section is great for sites that have many instructors.

Design notes:

- * The pre-heading has a pill shape to it and has a different background color than the section. Inside the pre-heading, there is another pill shaped word with a different background color, ex "New"
- * There is a standard large heading, paragraph and two call to action buttons
- * Below the buttons are three quick facts each contain a fontawesome icon and short text
- * The media contains a slider of instructor cards each showing an image of the instructor and the same. The sides of the slider seem to fade into the page
- * Below the main content area is another row that contains a logo carosel. This slider also seems to fade into the sides of the page.

In this course you'll master...

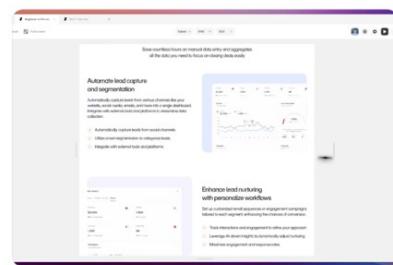

Responsive design & development

We will approach each design element with responsiveness in mind, so that our website looks great on all screen sizes. You'll learn how to design each section and each element responsively (pun intended) so that you don't have to make many changes on tablet & mobile breakpoints.

Fundamentals of working with Framer

We'll start with giving you a breakdown of the fundamental concepts in Framer. You'll learn about sizing, positioning, layouts, text styles, color styles, working with images, icons, and even create your first component. This foundational knowledge will set you up for success in the later modules.

This section is meant to describe the course content and as you scroll down the line in the middle is filled in with a color.

Design notes:

- * Alternating "Feature blocks" each with an image, heading, paragraph.
- * Line in the center of the page is filled in with a color as you scroll

Typically there will be more than two feature blocks listed. The image is showing one feature block to the left of the line and a second feature block to the right of the line.

This section shows a grid of testimonial cards that contain an optional logo.

Design notes:

- * Section contains a thin line and small text that introduces the section

Heading section:

Contains two columns:

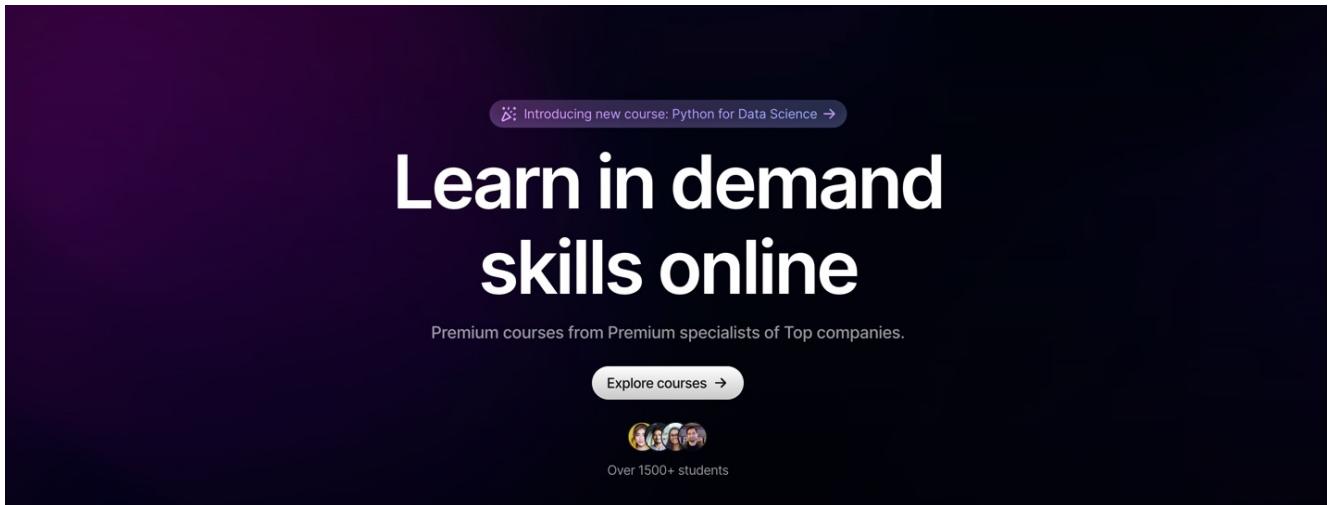

- * There's a large, heading in the first column and part of the heading words are highlighted in a different color.

- * The second column contains a short paragraph

Testimonial grid:

- * Each testimonial card has rounded corners and starts off with an optional logo image, followed by a quote, the persons name, and a subtitle
- * Below the text in the testimonial card is an image of the person. The image has rounded corners and doesn't fill the entire width of the testimonial card. Keep the images all square no matter what sized image is shown, making sure that the image fills the square and they're all the same size.

rgpt-dOMI2Oif

This section is typically used for a large hero banner, or a final called action on a landing page

Design notes:

- * The section has a blurred, soft gradient blob in the upper left-hand corner of the background on a dark background color
- * The pre-heading is contained inside of a pill shape that has a different, semi transparent color on the left-hand side of the preheading is a fontawesome icon, and on the right hand side of the preheading text is another fontAwesome icon that looks like an arrow.
- * Heading text is quite large followed by normal subheading text
- * Below the subheading text is a call action button that also contains an icon that is an arrow
- * Below the button is a stack of avatar images that overlap and below. The images is some small text that indicates the number of students.

Total Copy Cure Value: **\$12,290**

Your Investment: Only **\$1499** **\$749**

It's important that you know the enormous value you'll get in this program. These numbers are not inflated — they're an honest, good faith estimate, because you cannot purchase components of The Copy Cure separately.

Design notes:

- * This section is intended to be placed before the main pricing section to "sum it up" and show how much value the person is getting with everything included.
- * Key items and bonuses should be listed and the key is to associate a value for each item
- * At the bottom of the section it should show the "total value" and actual investment in a way that makes it feel like a steal.

This section is intended to highlight the instructor for a course and provide some credibility boosters and social proof

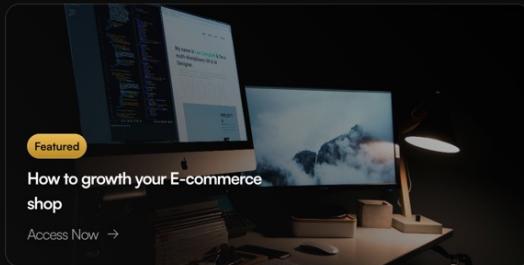

Design notes:

- * The container for this section is a different background color than the section background color color. The container also has slightly rounded corners.
- * The instructor image height should be stretched to make sure it matches the height of the content
- * The instructor information on the right of the image contains a heading a few paragraphs and then a list of statistics each statistic has a colored icon and some short text
- * Below the list of statistics is a scrolling logo bar

What You Will Learn

Here's what our students have to say about their experience with us.

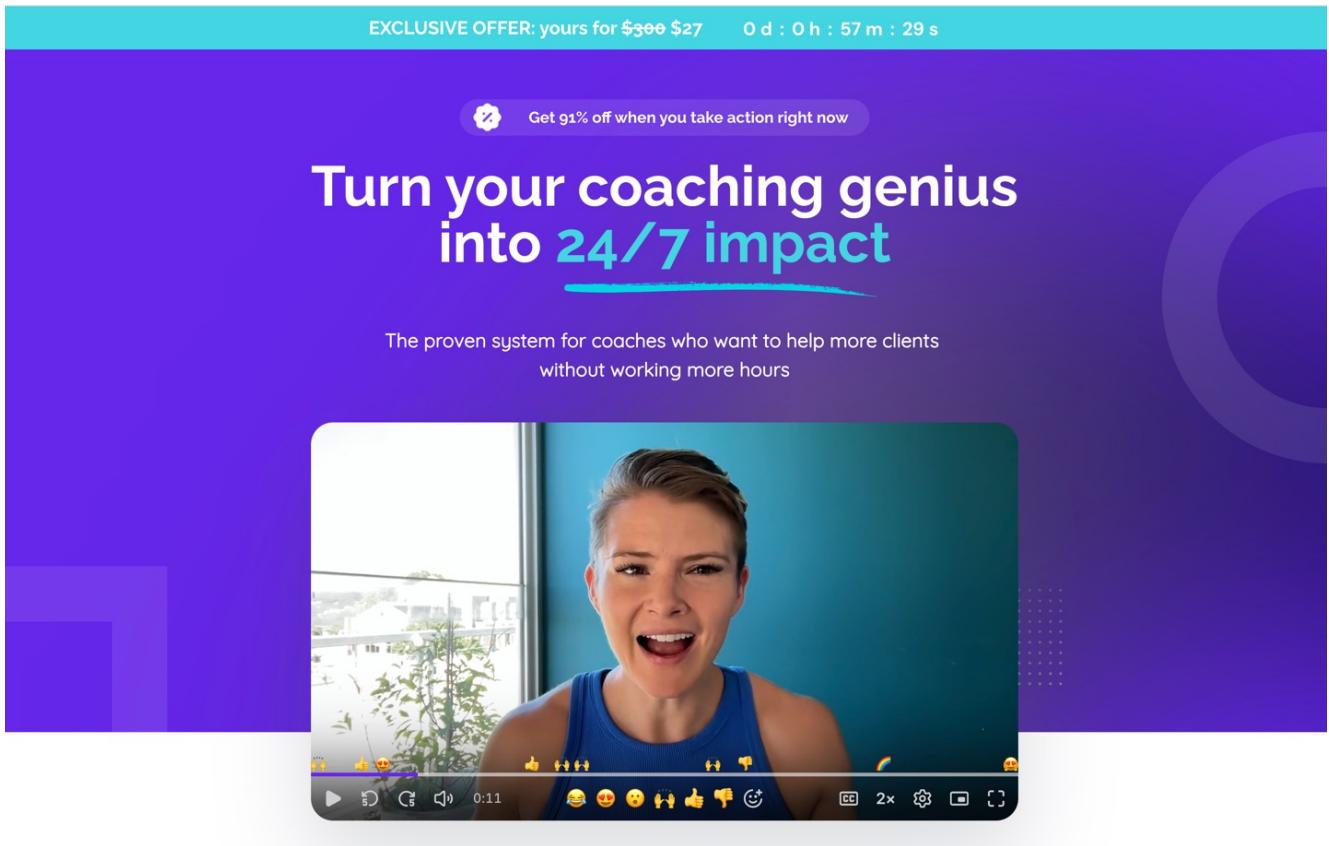

This section is typically going to describe what somebody will learn inside of a course, but it could also be used as many called to action cards as well.

Design notes:

- * Below the centered, heading in subheading is a grid of image cards
- * Each card should be the same size and the image should fill the entire background. The card also has rounded corners.
- * The tax portion of the card should be placed on top of the image, and there should be a semi-transparent overlay to ensure that the text is readable
- * The text on the image contains a pre-heading that is highlighted in a pill, shape, heading and then link text which also has an icon
- * The entire card should be clickable so that I would navigate to another page

rgpt-FVU8F2TU

This section is typically used as a hero banner, for a landing page or a sales page.

Design notes:

Countdown timer bar

- * A thin bar is shown first, which is intended to drive some urgency with some text and a countdown timer

Main Section

- * The pre-heading text is within a pill shape that is semi transparent. It also contains an FontAwesome icon to the left of the pre-heading text.
- * The main heading tax is large, and includes some words that will be a different color under those words. There should be a hand drawn SVG underline, which looks like somebody took a marker and underlined those words.
- * Below the section subheading is a embedded video that has rounded corners. The video seems to be positioned so that it is sitting over a part of the next section
- * The section contains a gradient color background that also has two SVG shapes positioned in the upper right hand corner in the lower left corner of the background

Design notes:

- * This section is intended to showcase a course instructor, but can also be used for general content.
- * Image is slightly tilted via CSS and has rounded corners. Make sure the image at least is as tall as the content (desktop). The image is intended to have a "tall" aspect ratio, so if a "wide" image is provided, it should automatically be cropped so that it fills the space.
- * The section heading has words that are highlighted in a highlight color
- * A few paragraphs are intended to go below the heading but nothing too long.
- * Stats are shown below the section paragraphs with large numbers and small subheading
